Dear Sir:

OFFICIAL

This paper is responsive to the Office Action mailed on August 12, 2002. Please
amend the application as follows:

IN THE CLAIMS:

Please make the following changes to the claims. A marked up version of the
original claims is attached as Appendix 1.

1. (Amended) A parking brake assembly, comprising:
- an engaging portion that is moveable into a braking position;
 - a spring that biases the engaging portion into the braking position; and
 - an electrically powered actuator that moves the spring against the bias of the spring and maintains a force against the bias of the spring to thereby release the
